3. The personal data are we collecting from you and how we will use it.

During your time with the College we like to take photos and videos of you to promote the college. Since these photos and/or videos could be taken at any time, by any member of the college staff, it is not possible to gain consent from all students each time. Instead, we have used “legitimate interests” as a lawful basis instead of consent, in line with privacy and data protection requirements.

However, it is really important that you understand that you can exercise your “right to object” at any time. This means you just need to email your college, or the privacy team on privacy@navitas.com and we will ensure your photo and/or video are not taken from that point on.

This is entirely your choice, so feel free to let us know if you would rather not be involved.

Photos and videos taken will only be used on the college website, and social media. They will not be passed onto anyone else, nor shared outside of Navitas.

However, social media will have its own way of using your images, so we do strongly recommend you read up on their privacy notices so you understand how your image will be used once shared. Each social media website will have their own way of using personal data posted. Navitas uses the following social media. You may object to them all, or just those you might not be comfortable with.
